# **FOR SUCH A TIME AS THIS YOU CAN'T SAVE THE WORLD ALONE**

In a world where humanity is told alarming news every minute of every day, danger seems to lurk around every corner. This constant barrage is enough to make the people of God think about running and hiding in fear. That is exactly what the enemy of our soul wants. With fear as motivation, we forget who we are— children of the risen, victorious Lord!

This weekend we will turn away from cowardice and learn how to live as confident followers of Jesus Christ. We will unite and allow the Holy Spirit to take off the “spirit of timidity “ and empower us to live with supernatural power, love and self-control. Join us for an unforgettable weekend where you will play games, worship God and be encouraged to live fearless!
